Other Implementing measures

92 Please provide feedback on your collaboration with other CAs and the European Commission.

It sometimes occurs that although the importer and the release for free circulation are located in Hungary, the relevant FLEGT licence indicates Slovenia, Croatia or Germany as Country of destination presumably because the receiving seaport is in Slovenia, Croatia or Germany. In this case, we contact with Member States CA to ask them to help in licence verification in the SILK system. If we have any questions regarding the FLEGT implementations (e.g. HS codes, exceptions, use of FLEGIT, etc.), we contact the EC experts. We follow the EC publications, notifications, correspondence on FLEGT / VPA. Once or twice a year we attend the EUTR/FLEGT Expert Group Meeting.

93 Please provide any other information, implementing measures or open issues that you consider that may be of interest to other Member States and/or the Commission.

Users can attach files and URLs to this question.

Access to licences in the SILK system should not be restricted to designated CAs only. It would be useful to hold a FLEGT enforcement informal meeting at least once a year, similar to the EUTR informal meetings.
